QUESTION 9:

In America, we have the Constitutional right to protest and petition our government officials. Recent Supreme Court decisions have sparked protests. Some activists are protesting outside the private homes of Supreme Court justices, showing up at restaurants where the justices are eating dinner, and seeking other ways to disrupt the justices' private lives. Some advocacy groups are even offering money to those who share locations of Supreme Court justices who voted to overturn Roe v. Wade.

Do you agree or disagree that this behavior undermines our democracy?

QUESTION 9:

In America, we have the Constitutional right to protest and petition our government officials. Recent Supreme Court decisions have sparked protests. Some activists are protesting outside the private homes of Supreme Court justices, showing up at restaurants where the justices are eating dinner, and seeking other ways to disrupt the justices' private lives. Some advocacy groups are even offering money to those who share locations of Supreme Court justices who voted to overturn Roe v. Wade.

Do you agree or disagree that this behavior undermines our democracy?
